

ETIPWind Steering Committee Online workshop

Finalisation of the work programme

Introduction

Objective of the workshop

- To finalise the ETIPWind's work programme;
- To elaborate a concrete list of actions to be implemented (inc. timeline);
- To define how to structure the work within the platform (Working Groups/Task Forces).

Agenda

9:00-9:10	Introduction by the ETIPWind Chair
9:10-9:30	Revamp of the SET-Plan – Outcomes of the SET Plan Conference
9:30-9:40	Introduction of the workshop by the Secretariat
9:40-10:20	1st round of breakout sessions (Topics 1 & 2) ➔ 2 groups discussing Topic 1 <i>“Providing targeted R&I recommendations to the European Commission”</i> ➔ 2 groups discussing Topic 2 <i>“Engaging with national policy-makers”</i>
10:20-10:50	Conclusions of breakout sessions (in plenary)
10:50-11:10	Coffee break
11:10-11:50	2nd round of breakout sessions (Topics 3 & 4) ➔ 2 groups discussing Topic 3 <i>“Fostering collaboration with SET-Plan bodies and other initiatives”</i> ➔ 2 groups discussing Topic 4 <i>“Disseminating ETIPWind’s priorities and raising awareness”</i>
11:50-12:20	Conclusions of breakout sessions (in plenary)
12:20-12:50	Discussion on how to structure the work (Working Groups / Task Forces)
12:50-13:00	Closing remarks

Outcomes SET-Plan Conference

Outcomes of the SET-Plan Conference

- Thematic sessions on energy sectors covered by the SET-Plan.
- The EC used the sessions to gather additional recommendations for the revision of the SET-Plan.
- The revised SET-Plan will be announced early 2023.
- On ETIPWind's side, we put forward the following recommendations:
 - 1. Aligning the objectives of the SET-Plan with the EU climate and energy targets**
 - 2. Ensuring ETIPs provide more targeted policy and funding recommendations and collaborate more strategically**
 - 3. Prioritising the different Implementation Working Groups (IWGs)**
 - 4. Increasing the impact of ETIPs**

Position paper will be shared with the Steering Committee.

Meeting with DG RTD

Participants from DG RTD:

Rosalinde van der Vlies,
Director Clean Planet

Helene Chraye,
Head of Unit C.1

Matilde Chinellato,
Policy Officer, Unit C.1

Breakout sessions

Breakout sessions – Concept

- *During each round of breakout sessions, participants will be split in 4 groups. Each group will include max 6-7 participants.*
- *Each group will focus on one of the 4 topics below:*
 - **Topic 1:** Providing targeted R&I recommendations to the European Commission
 - **Topic 2:** Engaging with national policy-makers
 - **Topic 3:** Fostering collaboration with SET-Plan bodies and other initiatives
 - **Topic 4:** Disseminating ETIPWind's priorities and raising awareness

Breakout sessions – Concept

➤ *1st round of breakout sessions (9:40-10:20):*

Topic 1: R&I recommendations

Group 1.1

Group 1.2

Topic 2: National policy-makers

Group 2.1

Group 2.2

➤ *2nd round of breakout sessions (11:10-11:50)*

Topic 3: Collaborations

Group 3.1

Group 3.2

Topic 4: Dissemination

Group 4.1

Group 4.2

Breakout sessions – Concept

- *Each breakout session will be structured as follows:*
 - *Presentation of the proposed actions by the moderator (5mn)*
 - *Discussion (25mn)*
 - *Wrap-up (10mn)*
- *The output of the discussion should be a clear list of actions (with timeline and short description).*
- *After the breakout sessions, each group will present their updated list of actions during the plenary. Other participants will provide feedback on this updated proposal to achieve a final list.*

Actions and timelines to be discussed

- *To kick-start the discussion, a proposed timeline will serve as a basis to define the actions to be implemented for each topic.*
- *The timeline is only a proposal. Actions can be discussed and there is room for additional suggestions.*

You will now be split in 4 groups
We'll be back in plenary at
10:20

Conclusions from 1st breakout session

Coffee break!
Please reconnect at 11:10

You will now be split in 4 groups
We'll be back in plenary at
11:50

Conclusions from 2nd breakout session

How to structure the work

➤ Initial proposal:

3 Working Groups:

- Permanent groups dedicated to 3 major R&I themes
- Leading the discussion on key technical topics
- Participants: SC members
- Chaired by WG leaders

➤ Possible structure:

WG1: Supply chain issues and manufacturing

WG2: Next Generation Technologies and circularity

WG3: Electrification, Grid & System integration

1 Task Force:

- To discuss a transversal topic
- Only one TF at a time
- On a cross-cutting issues (e.g. skills and human resources)
- For a specific period (e.g. 6 months)
- Participants: SC members + sponsored experts
- Chair by a TF leader.

Next steps and closing remarks

- Timelines and additional ideas will be combined. A final document describing the **full work programme** will be shared and finalised before Christmas.
- Input for the consultation on the **Horizon Europe strategic planning 2025-2027** (general recommendations on R&I priorities)
- **Next meeting:** Catch-up call before Xmas + Working session on HEU strategic planning beginning of January
- **New repository** on Teams: soon available.

THANK YOU
