Presented by Peter Eecen

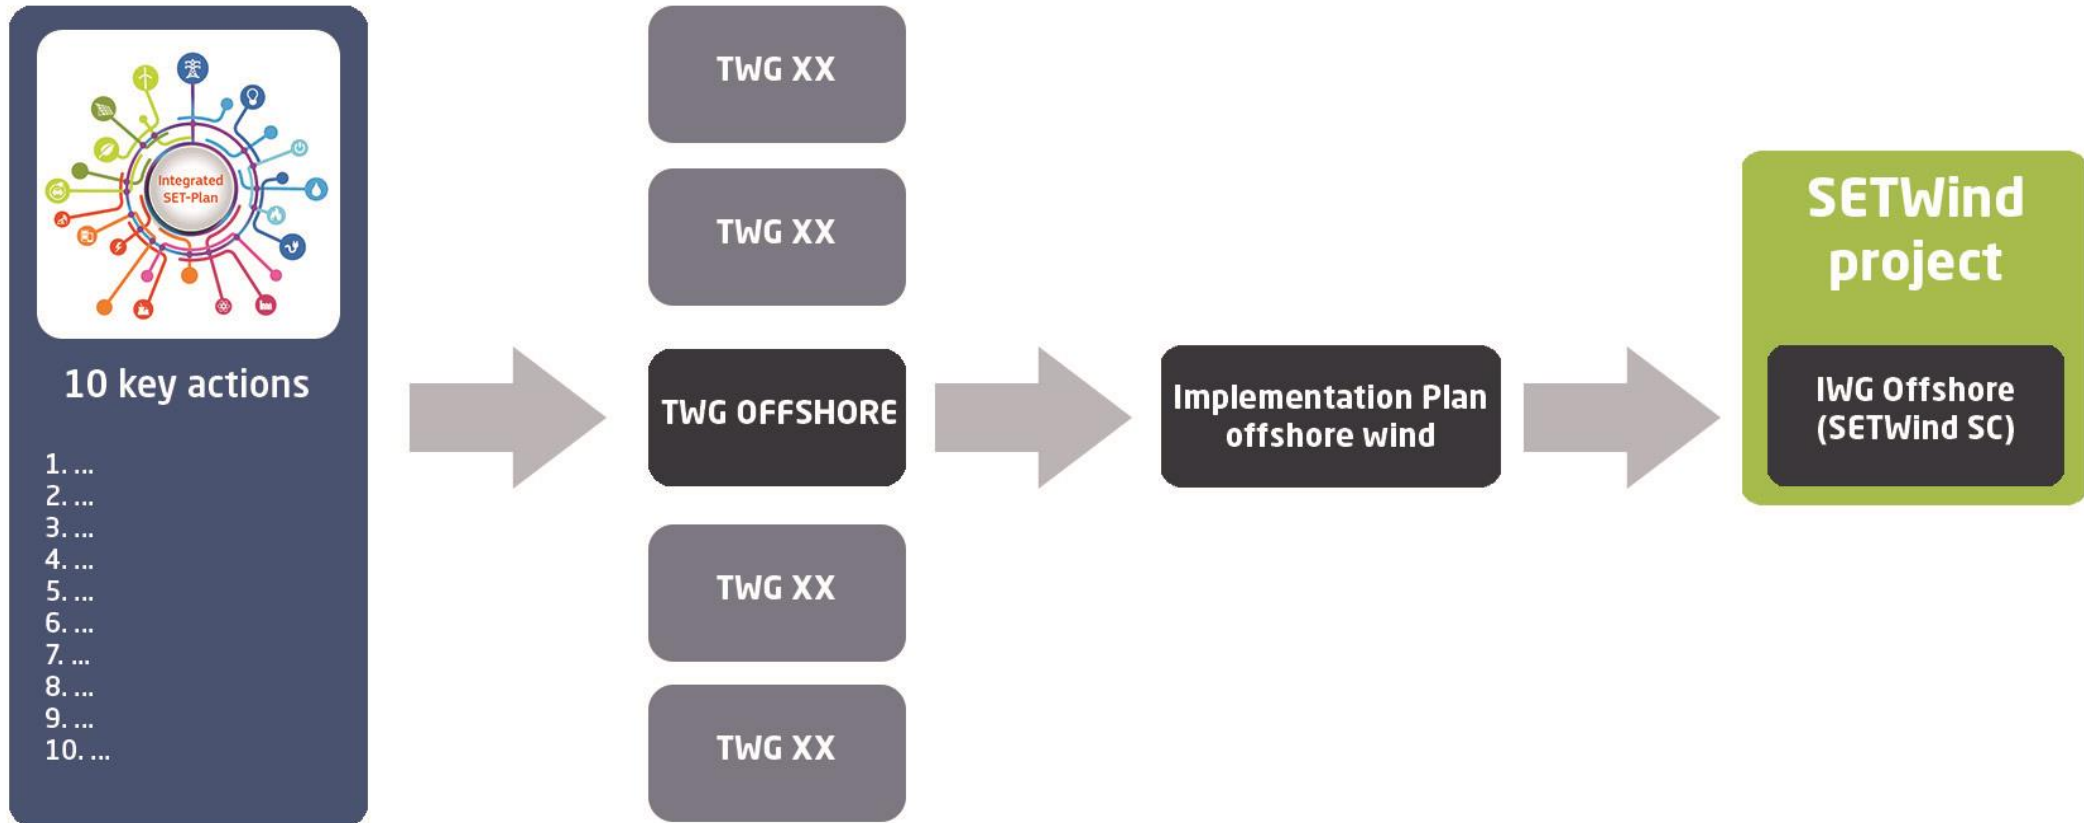

SETWind

Supporting the
SET-plan implementation plan for offshore WIND energy

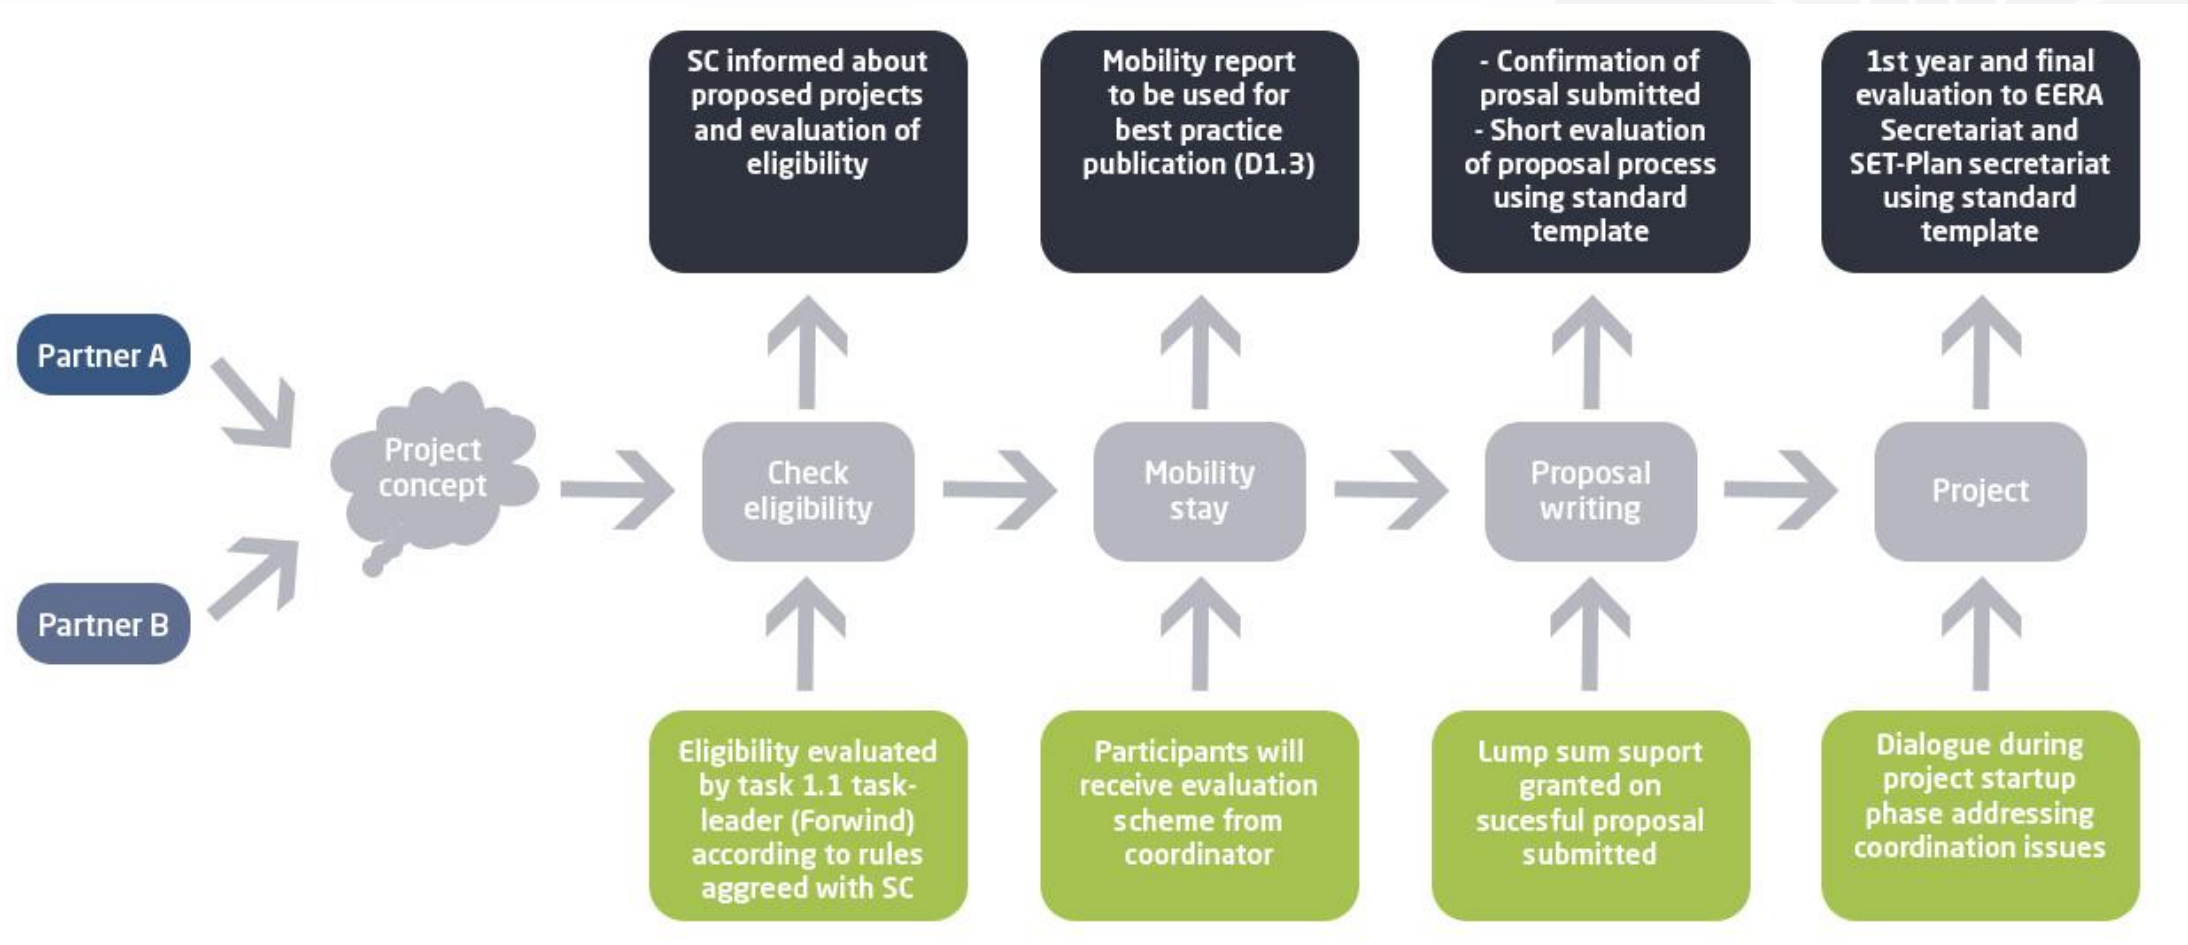

This proposal responds to the H2020 call
LC-SC3-JA-2-2018: Support to the realisation of
the Implementation Plans of the SET-Plan
sub-topic: offshore

DTU, SINTEF, ECN part of TNO, FORWIND, CENER, EERA Aisbl

From the SET-Plan to SETWind

Institutional alignment in SETWind

Objectives

1st Objective: Increase cross-border coordination of national research in wind energy

SETWind will facilitate that the R&I priorities are translated into nationally (co-)funded projects

2nd Objective: Support the development of the “rolling agenda” of R&I priorities in the Implementation Plan

Define and elaborate medium to long-term R&I targets + lighthouse project

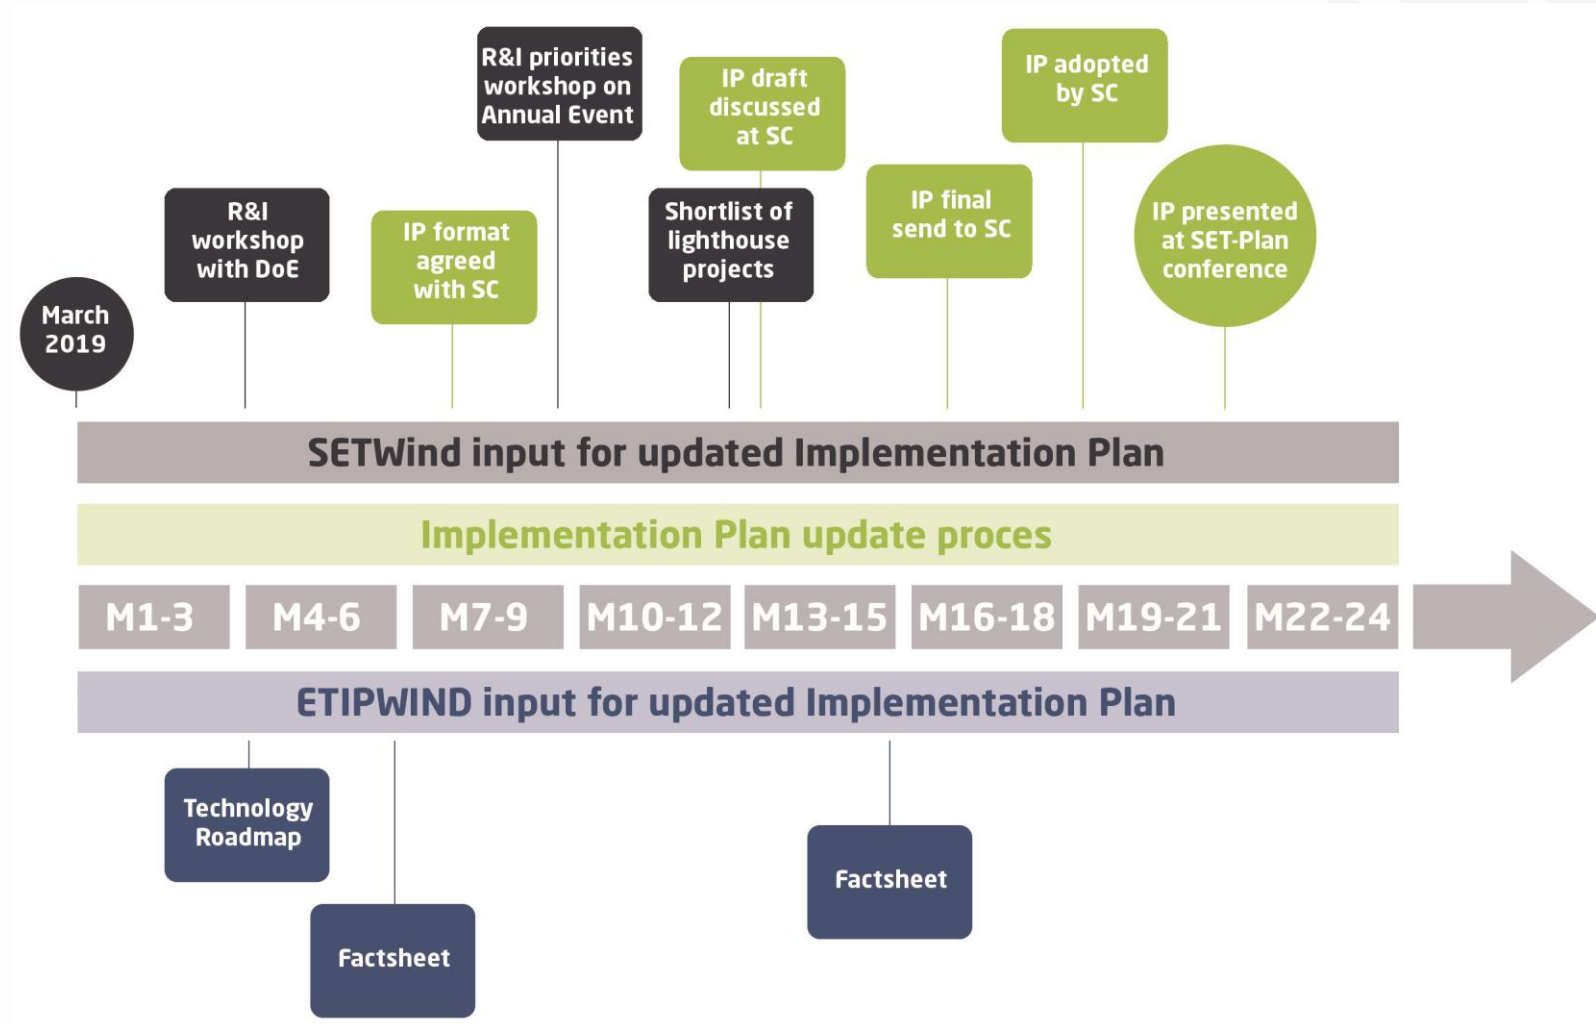

3rd Objective: Continue policy coordination between national funding agencies

The TWG will remain as an Implementation Working Group for Offshore Wind (IWG)

4th Objective: Monitor and report on progress

With the Joint Research Centre (JRC), IEA Wind TCP and WindEurope, SETWind will deliver reports on R&I investment targets, on national R&I policies for offshore wind energy

Updating the implementation Plan

SETWind budget split

■ PM

■ SC travel

■ mobility and grants

■ Consortium travel

■ Dissemination and communication

SETWind and ETIPWIND₂

- Coordination of R&I priority development
- Joint events
- Shared voice but flexibility in developing and presenting new ideas

Thank you for your attention
